EGG DYEING TIPS

- Protect your work area with paper towels or newspaper
- Let the eggs cool before dipping them
- Use tongs to make handling the eggs easier
- To create different tints, vary the dipping time
- For unique patterns on the eggs, use rubber bands, crayons or waterproof tape to mark off stripes or designs where you don't want the dye to hit
- Once the eggs are dry, you can apply stickers, gold leaf or other decorative elements to finish off the look
